11.00   Entertainment from the Russell Robertson and Phil Ceberano Corporate Band with Casey Withoos – even more dancing!

12.00   Evening concludes
Since its inception in 1979, Life Education Victoria has provided positive life and health education to children and young people to enable them to better meet social, health and related challenges that are current, as well as those that may arise later. Issues that are dealt with that context include bullying, excessive weight and drug prevention.

Utilising the expertise of their specialist educators, the organisation provides appropriate, age-specific programs in their mobile learning centres, which have become a well-known and highly regarded feature of the educational experience of many young Victorians.

The education and life learning that children receive in their early years is pivotal in preparing them for adulthood, providing them with the knowledge and skills required to exercise sound judgement as to their mental and physical health and well-being.

Today, approximately 140,000 children and 15,000 families take part in programs delivered by Life Education in preschool and primary schools both across Melbourne and around Victoria, demonstrating the significant reach and contribution Life Education continues to have in our community.

We congratulate Life Education Victoria on their significant contribution to our society, and on behalf of all Victorians, thank them for their continued efforts in supporting the positive life education of our children and young people.

The Honourable Alex Chernov AC QC
Governor of Victoria, and
Mrs Elizabeth Chernov
Joint Patrons, Life Education Victoria
Life Education would like to thank Nissan Fleet for their ongoing support and their generous contribution of the **Nissan X-Trail 4x2 ST Auto** for the 2014 Nissan Fleet Life Education Gala Ball main auction. This recent arrangement continues the long and fruitful relationship we have had with Nissan and we look forward to further developing and strengthening this association in coming years.

This commitment reflects the value and importance that Nissan Fleet places on assisting and servicing Australian communities. From our observation, this in many ways mimics the approach that Nissan Fleet takes to their commercial business – commitment, trust and reliability.

For more and more Australian companies and organisations, Nissan is fast becoming Australia’s fleet manufacturer of choice, by providing the highest quality sales experience and customer care driven by service, convenience and price.

With dedicated National and Regional Fleet Sales Managers, a comprehensive fleet plan and pricing model to cater for any type or size of fleet for corporate, leasing companies and rental, through to not-for-profit organisations and government – there’s certainly more to be gained with Nissan.

Contact the Nissan Fleet team to learn more about how Nissan can help you build a better fleet.

**1800 035 035** or visit **nissan.com.au/fleet**
Thank you so much for attending our 2014 Nissan Fleet Life Education Victoria Gala dinner and Healthy Harold’s 35th Birthday – we are so pleased you have joined us.

Our team have 3 goals for the night:

1. That you have a fantastic and memorable night.

2. That we raise enough money tonight to be able to increase the number of Victorian children to whom we provide our essential health and wellbeing education programs, and who meet and remember Healthy Harold.

3. That you remember Life Education Victoria, and perhaps become a Life Education Friend, aligning yourself with our mission of empowering children to make good choices through education.

So to that end: we have arranged a great night for you. We have brilliant entertainers, a lovely venue, fabulous people in the room and many, many fantastic auction items - something for everyone (tick number 1).

To make a difference, we need to see more children! We need to be in as many of the almost 1800 Victorian Primary Schools as we can be, so that every child is empowered. Every child deserves to have access to the Life Education experience every year of their primary school life. We need funds to be able to achieve this. Thanks to our very supportive and generous Life Education Friends, we have a range of fundraising opportunities in the room tonight; we have people here who are passionate about children, and who believe in Life Education. Every person in the room tonight has the opportunity to help, and we know you will (tick number 2).

By achieving our first goal, we should achieve our third (tick). Children are our focus – they are why our existing Life Education Friends, who have donated almost every item in the room, give so very much; why our Board of Directors are so committed; why we have 30 people who have volunteered their time tonight to ensure it is a success and more than 100 volunteers around the state who give their time and energy tirelessly; why our staff work so hard and so passionately, and why we are here tonight. We are a team united in a cause. We want you to remember Life Education Victoria – we already see you as our Friend.

Have a great night!
PS Happy Birthday Harold!
Tonight’s Entertainment

Our MC David Mann OAM FAICD.

David is affectionately known as “the civilian with a trifecta of experience” in the Emergency Services circle for his roles with the Victoria Police Force, Melbourne Metropolitan Fire Brigade and Ambulance Victoria, where he has worked in an operational capacity for more than thirty years. He was subsequently awarded an Order of Australia Medal (OAM) in the ‘Australia Day National Honours List’ in January 2006: “For service to the community through a range of police, nursing, heritage and emergency services organisations”.

In recognition of his dedication to Emergency Services, David was awarded a ‘Centenary Medal’ by the Governor General in April 2003, and has been presented with the Sir John Reid Community Service award by the Rotary Club of Melbourne for “Outstanding Services to the Community”.

He is the longest serving employee at 3AW 693, commencing his working career as an office boy in 1973, before being promoted to panel operator and given a cadetship in journalism, quickly moving onto an on air role as radio personality for a period of 20 years. For four decades now, David has held various roles within the Company, including Production Manager, Creative Director, and now in his current position as Promotions and Marketing Manager where he has held the reins for twenty years. He is the renowned “Mann about town”!

David pitches his professional and personal philosophy edict encouraging people to be: “street wise and street smart”. He believes “If you have your health, happiness, friendships - and a little luck on your side - don’t ever take it for granted”.

Elliot Goblet Essentials

Elliot Goblet is one of Australia’s most original comedians.

He has performed all over Australia and in 7 other countries including America, Canada (Montreal Festival), England and New Zealand.

Goblet is best known for his deadpan delivery in over 60 appearances as a stand up comedian on national television. He is very proud of his best-selling book “Business According To Goblet”, his Aria nominated CD “Internally Berserk”, his cameo role in the movie “Fat Pizza” and his time as the support act for the band “America” during one of their tours in Australia.

Along with performing publicly, Goblet is also busy at corporate events where he breaks up the serious business with some funny business. Any audience who attends his performances will enjoy a multitude of “offbeat but on target” one liners…with the odd two liner thrown in.
Tonight’s Entertainment

Russell Robertson and Phil Ceberano Corporate band

Phil Ceberano has long been a mainstay in the Aussie music industry, beginning as a teenager with his sister when they co-wrote the hit song ‘Brave’. There would be very few Melbourne bars or venues that have not hosted his cover band ‘Arnie Deltoids Muscle Beach Party’ or original band ‘Trentwood’ – he is part of Melbourne’s un-equalled music scene. More recently, he has become a lead guitarist ‘gun for hire’ joining James Reyne on his Australia-wide tour. Russell Robertson played 228 games of AFL football for the Melbourne Football Club, winning a best and fairest, 4 time leading goal kicker and representing his country in the International rules. It was during that time he met Phil’s sister and together they made it all the way to channel 7’s ‘It Takes Two’ grand final, finishing runners up.

Phil and Robbo clicked with their acoustic guitars during the filming an episode of the show and for the last 5 years they have been all over Australia playing classic covers as a duo. Every now and then they bring some of their mates together and rock it out with their Corporate Band.

Casey Withoos

Casey Withoos has been singing for most of her life. She focused initially on classical voice, which lead to studying a Bachelor of Music at the University of Melbourne majoring in opera. She has always, though, had a passion for jazz and blues and gigs often at intimate local venues.

In 2010 Casey ventured into the world of amateur theatre, where she truly feels at home. Since then she has been in a total of ten productions as either a member of the chorus, a principal role, vocal or musical director, or a combination thereof.

It was in 2012 when Casey was a part of Channel 9’s inaugural season of The Voice, in which she was the very first contestant to perform and successfully landed a spot on Seal’s team. From television to cafes, studying opera to teaching contemporary, Casey has achieved more than she ever imagined.
Tonight’s Entertainment

Sue Ellen

Sue Ellen has been teaching, choreographing, and performing for 30 years, and has worked extensively in the freelance world of commercial dance. Sue trained at VCATS and was inducted into their Hall of Fame in 2011.

Her Film and Television Credits include: Moulin Rouge with Baz Luhrman in which she played Baby Doll, Dancing with the Stars, Australia’s got Talent grand finalist, the Opening-Closing Ceremonies of the Olympics 2000, the Australian Film Awards, Australian TV Awards, and In Melbourne Tonight.

Extensive Theatre Credits include: Menopause the Musical, King Kong the Musical workshop, Sugar, Boy from Oz (ensemble), 42nd Street, Pajama Game, Pan, Starlight Express, A Chorus Line, A Midsummer’s Night Dream and Moving Pictures.

Sue’s choreography credits include House Husbands, So You Think You Can Dance, Victoria’s State School Spectacular, Motherhood the Musical and Menopause the Musical. She is the resident choreographer of the Australian Shakespeare Company.

Her best production is an Australian/American co-production in which she stars with her husband and 3 beautiful children, Coleman, Cameron, and Cierra.

Ferntree Gully North Primary School

Ferntree Gully North Primary School, nestled at the foot of the Dandenong Ranges, is proudly celebrating its 60 year anniversary in 2014. With 360 students and brand new school buildings due to be opened later in the year on their expansive grounds, they have a long standing community connection and ‘country school feel’ in the suburbs. They work with students as individuals with different interests, needs, passions, strengths and weaknesses.

School Productions have been a significant event on their school calendar for many years and work with Sue Ellen Shook, whose children also attend the school, has contributed to participation rates amongst their students in The Arts being an expected and celebrated part of education. They also have strong Performing Arts (Music) and Visual Arts programs with many guest artists.

When the opportunity came up to apply for School Specialisation Funding in 2010, Ferntree Gully North Primary School, in recognition of the positive affect The Arts can have on mental health, wellbeing and identity, earnestly applied to create a Dance and Performance Academy.

Following the success of that application, they have worked to set up and establish the only primary school Dance and Performance Academy. The Academy offers entry from Year 3-6 in two avenues for participation; the Love Dance stream which is a participation stream to enable any student with an interest or passion to explore dance and performance, and the Live Dance stream which is an audition based entrance for experienced dancers and performers. Both streams participate in the majority of their instruction and rehearsal time during normal school hours as part of their school day in recognition that for some students The Arts form an integral part of who they are and will become.

With education more and more focussed on measurable outcomes and standardised comparisons, the Ferntree Gully North Primary School Dance and Performance Academy reinforces the value of The Arts and their contribution to a strong, resilient, individual and creative population.

They are proud to be invited to perform for you tonight as part of the Life Education Gala which is built upon similar ideas of health and bringing out the best in yourself.
Our 2013 Pledge

Wheelchair access devices and Healthy Harolds

Last year, we explained to our Life Education Victoria Gala guests that we are increasingly being asked to enable access to the MLCs for disabled children and teachers. We asked our guests to assist us in our goal of fitting all of our MLCs with wheelchair-access lifting devices.

Well, they certainly helped! We raised a staggering $93,200.00 for this goal.

Two extraordinary gentlemen in the room last year – Jeff Aitken from Dhollandia and Wayne Taylor from Southern States Group donated 7 units between them, including installation (5 and 2 consecutively). These 7 units have been fitted and as the photos show, are being very well utilised. We are now able to provide safe, dignified, no-fuss entry to these MLCs for everyone, no matter what the circumstances.

We raised enough funds to enable 6 more units to be fitted, and this will be done over the coming school holiday periods.

Some of our lovely supporters would like to see more of Harold, and donated toward the costs of achieving this. We will have 2 brand new Harolds wandering the streets very soon!

Healthy Harold, along with our staff and volunteers, says THANK YOU to all of our fabulous supporters for your generosity.

You really made a HUGE difference!
Main Auction

1. Crown Oaks Day

Enjoy Crown Oaks Day in grand style at the Rose Room Marquee. You and 3 guests will have an unforgettable premium dining experience in a multi-tiered marquee which combines first class hospitality with magnificent views of the racecourse.

This amazing package includes:
